

Top Asset Management Talent Will Need to Evolve... or be Replaced

Profiles of Winning Asset Management Employees of the Future

March 26, 2019

Executive Summary:

Q1 2019

The asset management industry is being disrupted by a host of powerful trends ranging from fee compression and consolidation to AI, big data, analytics, and social media. This report analyzes how changes to the industry are affecting the core business functions of institutional marketing, relationship management, consultant relations, and institutional sales, and explains how employees in these functional areas will be expected to evolve to achieve success in the future.

The data reported in this document reflect solely the views reported to Greenwich Associates by the research participants. Interviewees may be asked about their use of and demand for financial products and services and about investment practices in relevant financial markets. Greenwich Associates compiles the data received, conducts statistical analysis and reviews for presentation purposes in order to produce the final results. Unless otherwise indicated, any opinions or market observations made are strictly our own.
