

# Greenwich Market Pulse: Top Concerns for Executives Amid Global Volatility

2022 Greenwich Market Pulse

May 17, 2022

Executive Summary:

More than a quarter of U.S. small and mid-sized businesses say they are likely to choose a bank that demonstrates a commitment to ESG the next time they add or switch providers. That’s good news for the nine banks named by Coalition Greenwich as Standout Commercial Banks for Demonstrated Commitment to ESG Principles and Values.

## Greenwich Index for ESG in Commercial Banking—Q1 2022 Standout Commercial Banks for Demonstrating Commitment to ESG Principles and Values

The Q2 2022 Greenwich Market Pulse reveals a sharp decline in economic sentiment among owners and executives of small businesses and middle-market companies. Respondents cite inflation, increasing debt, staffing concerns, supply chain issues, and the war in Ukraine as the main reasons for their declining optimism. The Greenwich Market Pulse also asked businesses about digital currencies and the transition from Libor to SOFR.

Methodology:

Greenwich Market Pulse: An ongoing research series that addresses the most important and timely issues facing small and mid-sized (\$1- 500MM) company executives and their banking relationships. Our access to thousands of financial decision-makers in the United States allows for constant contact with the market. Greenwich Market Pulse reports deliver the unbiased perspectives of these individuals in concise and actionable charts, complemented by insights and analysis from our industry experts. Greenwich Market Pulse studies are conducted four times per year and are often used in tandem with other annual research.

218 companies were interviewed online in March and April 2022, representing 98 small businesses (\$1 - 10 million) and 120 mid-sized companies (\$10 - \$500).

As a result, any data contained in the Document may not be directly comparable to data presented to another bank. For franchise benchmarking, Crisil Coalition Greenwich has implemented equal ranking logic on aggregate results i.e., when sales revenues are within 5% of at least one competitor ahead, a tie is shown and designated by = (where actual ranks are shown). Entity level data has no equal ranking logic implemented and therefore, on occasion, the differences between rank bands can be very close mathematically.

The data in this Document may reflect the views reported to Crisil Coalition Greenwich by the research participants. Interviewees may be asked about their use of and demand for financial products and services and about investment practices in relevant financial markets. Crisil Coalition Greenwich compiles the data received, conducts statistical analysis and reviews for presentation purposes to produce the final results.
